

I write to say that we are NOT in favor of ANY proposal that will weaken Indiana's Telephone Privacy Law protection - protection that we currently now enjoy and wholeheartedly endorse.

Before the "no-call" list, we averaged between 5-8 calls each and every day from telemarketers - much to our intense irritation! By putting our name on Indiana's "no call" list, the number of calls has virtually dropped to zero - AND WE WANT THIS SITUATION TO CONTINUE indefinitely!

We have never written to a government agency before express an opinion - so you can see how important this issue is to us. PLEASE LEAVE INDIANA'S TELEPHONE PRIVACY LEGISLATION, AS IT IS NOW WRITTEN, ALONE!

Thanks, Bill and Linda Furge
